

# ALOA Continuing Education (ACE) Six-Day Basic Locksmithing Course

## Course Description

The ALOA Continuing Education (ACE) 6-day Basic Locksmithing Course will provide you with basic hands-on knowledge of locks and security related hardware. Students will work with basic locksmithing tools such as dial calipers, impressing pliers soft face mallet, lock pick set, along with other locksmith specialty tools. Upon completion of this course, you will have the knowledge required to function as an apprentice locksmith who can perform the following tasks:

- identify and duplicate keys
- service and adjust key machines
- rekey a variety of lock cylinders
- make original keys for a variety of locks; by code dis-assembly and impressing
- bypass and/or pick common locks
- troubleshoot and service common cylinder and lockset malfunctions
- identify common lock hardware finishes and functions
- be familiar with Life Safety Codes and the ADA
- design and key a simple master key system
- know combination lock operation and changing methods

## Students Receive:

- Student Tool Kit (yours to keep after class) containing the following items:
  - Pinning kit
  - Pin tray
  - Follower
  - Tweezers
  - Key gauge
  - Cylinder retainer removal tool
  - Kwikset cylinder removal Tool
  - Shim stock
  - Round impressing file
- Ilco Key Blank Directory
- PRP Resource Guide which includes the ALOA Locksmith Dictionary
- A fully illustrated 432-page reference manual.
- A Life Safety Codes & ADA class manual
- An ACE Certificate attesting 48 credit hours of CE instruction.
- An AFL (ALOA Fundamental Locksmith) certificate will be issued to those who successfully pass the written test at the end of the course.
- Lunch on each day of instruction
