

# 6-Day Basic Fundamentals Locksmithing Course

## ALOA Continuing Education (ACE)

### Course Description

The ALOA Continuing Education (ACE) 6-day Basic Locksmithing Course will provide you with basic hands-on knowledge of locks and security related hardware. Students will work with basic locksmithing tools such as dial calipers, impressioning, pliers, soft face mallet, lock pick set, along with other locksmith specialty tools. Upon completion of this course, you will have the knowledge required to function as an apprentice locksmith who can perform the following tasks:

- identify and duplicate keys
- service and adjust key machines
- rekey a variety of lock cylinders
- make original keys for a variety of locks; by code disassembly and impressioning
- bypass and/or pick common locks
- troubleshoot and service common cylinder and lockset malfunctions
- identify common lock hardware finishes and functions
- be familiar with Life Safety Codes and the ADA
- design and key a simple master key system
- know combination lock operation and changing methods

### Students Receive:

- Student Tool Kit (yours to keep after class) containing the following items:**
  - Pinning kit**
  - Pin tray**
  - Follower**
  - Tweezers**
  - Key gauge**
  - Special followers & master follower**
  - Kwikset cylinder removal Tool**
  - Shim stock**
  - Round impressioning file**
- Ilco Key Blank Directory on CD**
- PRP Resource Guide** which includes the **ALOA Locksmith Dictionary**
- A reference manual.
- A Life Safety Codes & ADA class manual
- An **ACE Certificate** attesting 44 credit hours of CE instruction.
- An **AFL (ALOA Fundamental Locksmith) certificate** will be issued to those who successfully **pass the written test** at the end of the course or **CLL** for Louisiana individuals.
- Lunch on each day of instruction
