

## Locksmithing Schools

The following is a list of locksmith schools that is provided to those individuals who request career information. We do not recommend one school over another. To the best of our knowledge the schools listed are in good standing.

The **ALOA Continuing Education (ACE)** program listed provides classes that are offered during local association or chapter education conferences. ACE classes are also held at our annual convention, which includes four full days of locksmithing classes and seminars. In addition the new **ALOA Training Center** provides training on a variety of subjects throughout the year including a comprehensive **Six-Day Basic Locksmithing** course.

Non-members as well as members of the association are welcome to attend.

[Please contact the ALOA headquarters education@aloea.org](mailto:education@aloea.org) or 800-532-2562 x101 for further information.

If you have any questions about the programs offered at any of the schools listed, please contact them directly.

**C** = Correspondence (training through the mail)

**E** = Online Training

**R** = Resident (classroom training at the school address)

**TR** = Traveling Resident (classroom training at sponsored sites around the country)
